PLYMOUTH TUBE COMPANY ANNOUNCES BILL HENRICKS AS ACCOUNT EXECUTIVE - ENERGY

WARRENVILLE, IL – Tom Holmes, Plymouth Tube Company's National Sales Manager, announces that Bill Henricks has accepted the position of Energy Group Account Executive effective October 1, 2009.

Bill has held previous positions in Plymouth Tube as Energy Product Manager, Energy Sales Manager and most recent General Manager of the East Troy, WI facility known for producing SEA-CURE® condenser tubing. In this new position, Bill will report to the National Sales Manager. He will focus his efforts in building Plymouth's business in the power generation industry. Along with Bill's operational background, he brings a wealth of experience and success in using a consultative selling and technical solution based approach. His experience in working with many various electric utilities and fabricators will enable Plymouth to achieve greater market share.

Bill has a B.S. from Northern Illinois University and a M.B.A. from Keller Graduate School of Management. Bill has been a member of MSCI (Metal Service Center Institute) for 18 years holding various positions, an active member of NACE and the International Desalination Association as well. He has authored papers including one presented at Stainless Steel World 2005.

Bill Henricks can be reached via # 262.642.8271 or via e-mail at bhenricks@plymouth.com

About Plymouth Tube Co.

Plymouth Tube Co. is a global tube manufacturer for the energy market offering austenitic, ferritic and superferritic stainless steels sized .500" to 2" OD's, Carbon and Alloy Boiler tubing sized 1.250" to 5.563" OD's. Plymouth Tube proudly manufactures SEA-CURE® Condenser, XtraLowStress® Feedwater Heater, Boiler and Oil & Gas Tubing.

Headquartered in suburban Chicago with 11 manufacturing plants across the U.S., Plymouth Tube Co. is positioned for continued global growth supplying the aerospace, transportation, energy, and industrial markets. Additionally, Plymouth Tube Co. Chicago Processing offers coil slitting as well as a wide variety of specialty edging options. Plymouth recently celebrated its 85th anniversary serving the steel tubing industry with continued manufacturing excellence practices and technical expertise that promotes industrial partnerships with many of their customers.
