## PLYMOUTH TUBE COMPANY TO EXHIBIT AT STAINLESS STEEL WORLD 2009

**WARRENVILLE, IL** - Plymouth Tube Company announces it will participate in the Stainless Steel World (SSW) 2009 Conference and Expo, which will take place November 10 through the 12<sup>th</sup> at the MECC Maastricht Forum in Maastricht, The Netherlands.

Visit Plymouth Tube at Booth #S411-16 to hear more about their Stainless Steel Tubing solutions for the Energy, Petrochemical and Nuclear Industries. Plymouth Tube has been serving these industries providing Stainless Austenitic, Ferritic and Super-Ferritic tubing that is both quality focused and environmentally secure for use in many demanding applications. SSW Expo provides a platform for Plymouth Tube to present material selection review for the technical and environmental issues facing many industries today.

Plymouth Tube Co. has been serving customers for over 85 years and has become the premiere global tube manufacturer offering austenitic, ferritic and superferritic stainless steels sized .500" to 2" OD's, Carbon and Alloy tubing sized 1.250" to 5.563" OD's. Plymouth Tube proudly manufactures **SEA-CURE®** Condenser, **XtraLowStress®** Feedwater Heater, Boiler (MLR) and Oil & Gas Tubing.

### About Plymouth Tube Co.

*Headquartered in suburban Chicago with 11 manufacturing plants across the U.S., Plymouth Tube Co. is positioned for continued global growth supplying the aerospace, transportation, energy, and industrial markets. Steel, nickel and titanium extruded and cold drawn shapes are produced by Plymouth Engineered Shapes. Additionally, Plymouth Tube Co. Chicago Processing offers coil slitting as well as a wide variety of specialty edging options. Plymouth recently celebrated its 85<sup>th</sup> anniversary serving the steel tubing industry with continued manufacturing excellence practices and technical expertise that promotes industrial partnerships with many of their customers.*
